

# How to Play “Walking the Dog” a Pablo Puppy Game

## Supplies You Will Need

scissors  
paper (for the printer)  
a piece of cardboard 17” x 22”  
cardboard cut into 10 small pieces, each  $\frac{3}{4}$ ” x  $\frac{3}{4}$ ”  
glue or paste

## How to Construct the Pablo Game Board

1. Print out all 9 sheets of the Pablo Puppy Game. There will be this list of instructions, 4 pages that will create your board and 4 sheets of playing cards!
2. Trim the 4 board game pages of the board along the dotted lines.
3. Glue or paste the four pages onto a 17” x 22” piece of cardboard. If you don’t have a piece of cardboard just tape the paper together with transparent tape. Take a look at the gameboard here to see how the pieces fit together.
4. Cut out the ten playing pieces in the upper right corner of this page.
5. Glue or paste the playing pieces onto the  $\frac{3}{4}$ ” x  $\frac{3}{4}$ ” pieces of cardboard. Ask a grownup for help if the cardboard is hard to cut up.
6. Find the 4 sheets of playing cards, cut them out along the dotted lines. Put them in a pile and shuffle them. Put them face down in the box that says “cards.”
7. Now you’re ready to play!

## HOW TO PLAY THE GAME

1. Pick a dog or cat to walk and place him or her in the START HERE space. Give your dog or cat a name!
2. Choose who will go first: on small pieces of paper. Number each piece from 1 through 10. If you only have four players, write 1 through 4, and so on. Fold the pieces of paper and put them in a hat or a bowl. Stir up the pieces of paper and pick out a number. Whoever gets #1 goes first, etc.
3. Take turns picking a card from the stack. After you follow the instructions, place the card in the discard pile.
4. Have some fun! Each time you and your pooch move forward, bark or meow! Each time you have to move back, whine!
5. Keep playing until the last dog or cat gets home safe!
